HOW IT LOOKS FROM A CORNER

By BILL KATZ

George Rocco, a bemustached, short, slight shoemaker, has aspirations of devoting all his time to art; but meanwhile he, and his partner, John Kantor, operate the Fine Arts Shoe Store, 6446 Mission street.

The name of the shop is indicative of the inclinations of the proprietors. As mentioned in this column, paintings of every variety hang on the walls over the cases and machinery. All of the art is the creation of either Kantor or Rocco.

But the latest addition, and by far the finest, was painted by Rocco over a period of four weeks, four hours a night. Entitled "Joan D'Arc," the oil shows a professional touch which might well be the envy of "full time" artists who spend evenings talking and drinking in the North Beach bars.

Whether or not the painting is a masterpiece is questionable, but hung side by side with other Rocco paintings it shows what can be accomplished by a man determined to express himself on canvass. The progress in Rocco's work is phenomenal, and at the present rate he may soon be able to give up repairing shoes for art.

Except for a few lessons, Rocco is a self taught artist. "Somehow, when I go to art school they don't take me seriously. It is hard for them to believe I really want to paint," Rocco explained. "So now I teach myself."

Influenced by the old masters, Rocco says he has learned much from studying Rembrant, Van Dyke and the other Flemish painters. This is evident in his appreciation for fine detail and color textures which appear in his "Joan D'Arc."

Possibly Rocco's greatest asset is his understanding of color. The paints he makes and mixes himself, and show to great advantage in several of his earlier landscapes.

Studying his work, he were reminded once again of those other humble men who aspired to enrich their lives and the lives of generations to come through art. . . . a poor miller's son, named Rembrant; a bank clerk, named Gauguin; a peasant called Cezanne; a post office employee, named Van Gogh, and so on down the line to possibly (and it is pos-

TEACHERS GET $230 YEAR RAISE

Jefferson elementary school teachers next year (1950-51) will receive an average pay raise of $230 a year.

The salary increase was approved at a special meeting of the Jefferson elementary school board last Thursday evening.

Attending the meeting were the majority of the 68 teachers employed in the district. While earlier the board agreed on a pay schedule, this was rescinded in favor of the new scale.

Principal point of controversy centered around Mrs. Helen Cheathams' demand that teachers with Masters Degrees receive payment for their attainment. Michael Callan and Andrew Van Der Werff were agreed on this, but they believed that teachers with an A.B. plus 48 units also should be given credit.

Compromising, the board decided to set up two separate categories . . . teachers with M. A. degrees and teachers with an A.B. plus 48 units. Previously there had been no provision for an M.A. degree.

At the present time only one teacher qualified for the new M.A. category. However, it is expected that within the near future many more will have the degree.

According to the new schedule a teacher hired with an M.A. degree, and with but one year's experience, will receive $3,275 a year. This is equivalent to the salary paid a teacher with five year's experience who holds an A.B. degree or less.

Lowest salary on the schedule, $2,800, is paid a teacher with an A.B. degrees, or less; highest goes to a teacher with more than 14 year's experience holding an M.A. degree, $4,775.

Last year's low salary was $2,700; the highest was $4,100.

Following is the salary schedule plan:

1. The 1949-50 "A" Classification is dropped and the 1950-51 "A" classification is for an A.B. degree or less, to begin at $2800 and extend to $4050 at the end of 14 years. Any teachers on the 1949-50 "A" schedule are to be blanketed into the 1950-51 "A" schedule.

2. The 1950-51 "B" classification is for an A.B. degree plus 24 units to start at $2950.00 and extend to $4200 in 16 years.

3. The 1950-51 "D" classification to be for a Masters Degree to begin at $3275.00 and extend to $4775 at the end of 16 years.

Other business before the board last Thursday consisted of:

1. Mr. Cazerza's request for use of land recently purchased for the new Colma school was granted if approved by the district attorney's office; as long as it does not interfere with school construction; and the school district assumes no responsibility for any damage to crops which might occur because of the proximity of the school to the land.

2. Superintendent James Snell is to be paid $300 a year as secretary to the board. Mrs. Cheatham moved that this measure be passed, and it was approved by the board.

F(ake) BI Men Seek Gold Cache In Daly City Home

Certified, genuine FBI men today are searching for three phony G Men who bluffed their way into the home of Mrs. John Stura, 129 Oliver, in a search for gold Monday morning.

Flashing badges (FBI men carry cards, not badges), the three men persuaded Mrs. Stura to lead them to a home made concrete safe in the basement of her home.

While they were diligently prying the clasp off the safe, Mrs. Stura's daughter, Mrs. Stella Bruno of San Francisco, arrived and promptly fainted.

Remembering FBI men are gentlemen, two of the men carried Mrs. Bruno upstairs, placed her on a couch and revived her with a glass of water.

Meanwhile, the third man found the safe full of only bonds. He called the others. They thanked

Former R. C. Mayor Wins Vacancy

Redwood City's former mayor, William M. Werder, has been appointed by Governor Earl Warren to the third district supervisor's post.

He will fill the position left vacant with the death of Col. Henry W. Edmonds, chairman, who died June 11.

Werder is in the insurance business in Redwood City, a Redwood City councilman, a graduate of Stanford and a former navy man during World War II.

He will have to run for the nonpartisan supervisorial post at the coming November general election, against a field which may include several candidates.

Whoever is elected will serve out Col. Edmonds' term through 1952, and must stand for re-election in 1952.

Connecting Street Hearing Before Board In July

A public hearing on the connecting street between Westlake and Broadmoor will be held late in July before the Jefferson elementary school board.

James Snell, superintendent of schools, did not set the exact date, but he assured the Daly City Record that everyone would be notified of the hearing.

Purpose of the meeting will be to grant the county an easement to run the "red" route through a portion of school property. The easement must be given before the county planning commission will abandon White street. (This area is needed by the school for the construction of an upper Garden Village school.)

Should 10 per cent of the registered voters, (or the majority attending the meeting) object to granting the easement, then the final decision must rest with the county superintendent of schools.

It appears likely that such a protest will be registered. Therefore, after almost a year of discussion, whether or not a road shall run through school property will probably be decided by the superintendent of schools.

Only after the superintendent has made a decision does the county board of supervisors step in and give their final vote, A. J. Bodien, members of the planning commission, said today.

Meanwhile, despite protests of a delegation of Broadmoor residents, last Friday the planning commission remained adamant in their decision to approve the "red" route. This approval was given by the commission at a "special meeting" earlier this month.

Mrs. Eleanore Meitz, 530 87th street, spokesman for the 900 residents who object to a connecting street through school property, reported that the commissioners heard their protests but refused to change the earlier decision.

"They seemed to agree we had a case," Mrs. Meitz noted, "but they won't do anything about it."

Daly City, Jefferson elementary school board, and the Westlake Property Owners association have all approved the "red" route.

Ladies Home Club Used As Kids Target Range

Paneless today are the 27 window frames of the Ladies Home Club, Werner avenue.

Armed with a B.B. gun, a nine year old boy, and two youthful companions, age 11 and 12, shot out the windows Monday evening.

While the nine year old employed his B. B. gun, a gift of the day before, the two other lads went to work with sling shots and stones.

The target practice ended when a caretaker heard the tinkling glass and called police.

Parents of the marksmen are to foot the bill, Police Chief W. W. Sunderland said today.

Two Cases of T.B. Reported Here in May

Tuberculosis took a swing up in Daly City last month, with two cases reported, the San Mateo county health division reported today.

Only Redwood City, with three cases, had as many as the Daly City area.

There were also three cases of mumps and one chicken pox patient during the month of May.

The Doelger Story

By BILL KATZ

As the most ambitious home builder on the west coast, Henry Doelger, an engergetic man of 54 generally addressed by friends as "Henry," is a $125,000,000 enigma to the majority of Daly City residents.

Doelger, who was born one block from the Barbary Coast, has the appearance of an athlete, neatly combed wavy gray hair and a friendly smile. He suggests anything but the typical caricature of a capitalist. He is a good six feet tall, trim, and can't stand cigars. "They make me sick," he repeats often when friends offer him a choice Havana.

To many local people Doelger is a distant figure who mysteriously hovers over Daly City politics. He has been accused of everything from running Daly City to gaining his millions in a questionable manner.

Less vitriolic persons, many of his employees, and other admirers assert "he is a regular guy." Doelger himself is puzzled by the unsavory reputation he has gained in some areas of this community. "All I want to do is build houses," he earnestly explains. I haven't any desire to get into politics. I just want to build more homes."

Speaking not too fondly of one of his local detractors, Doelger noted: "I can't understand what's wrong with that guy. Maybe if I was a crook, I could; but I don't do business that way."

Square Dealer

Doelgers hundreds of associates and sub-contractors also honestly wonder why anyone would accuse him of not dealing squarely. At a recent banquet, these contractors rose to their feet and congratulated "Henry" on his innate honesty; and they were not just talking. With very few exceptions, all of the men who have assisted Doelger build homes have been doing business with him for 20 to 25 years. They respect and like him.

With a fluent tongue, a sincere smile, and an air of self assurance Doelger can make friends easily. This ability has carried him through many tight financial deals, when all that stood between him and "the wall" was his good word.

Friendly to the extreme, he remembers what it was like to be penniless, and is careful to be thoughtful of other's feelings. However, he expects friendliness in return, and is naively amazed when a supposed friend turns on him.

Among his workers he is considered a "tough guy to reason with when he is right, but willing to admit he is wrong." Generally he is well liked by everyone from the salesmen to the laborers.

He drives his own car and sometimes forgets to shift properly when he is enthusiastically talking about some favorite topic. When angry, the easy smile is lost in a square determined jaw.

Children

Although he and his wife are childless, Doelger has two adopted children, Mike, who is 7½, and Susan, 3. Both the youngsters display a real love for Doelger, and he reciprocates, like any proud father, by fondly displaying their pictures.

His friends believe the adoption of the two children is probably the greatest thing he ever did, and they are quick to point out that this is just one more thing which indicates he is a "big hearted, regular guy."

In money matters, he has a clear understanding of the value of a bank account, but he doesn't hesitate to give it away. He is generally known as a "soft touch" for any worthy charity.

He dresses quietly and without flashiness. He tends to wear gray suits and shirts with a modest tie.

Westlake

Westlake, a $125,000,000 development, is a perfect example of Doelger's good taste. Embracing 1,000 acres of once desolate land west of Daly City, Westlake, when completed in four to five years, will be a town and country community of 6,000 homes, 1,000 one and two story apartments, a complete, sufficient business district, and a monument to Doelger's foresight and daring.

Carrying out his good taste in his $11,650 to $23,000 homes, Doelger has insisted that each house be distinct and architecturally perfect. Unlike the majority of such tracts, there are 260 variations of seven basic designs used throughout Westlake. Each home is detached and boasts of a large, well kept yard.

When Doelger proposed to build upper income bracket homes, the majority of builders shrugged their

NO LEFT TURN AT GARDEN LANE

A left turn from Garden Village gateway onto Junipero Serra highway is now prohibited by law.

The resolution establishing this law was passed at the adjourned meeting of the city council Monday night.

In effect this "answers" residents of Garden Village who a few weeks ago knocked out a curb on the gateway to allow exit and entrance to the Village.

City Councilman Fred Bertetta asserted the council had no objections if motorists used the gateway as an entrance, but he said it was unsafe to use it as an exit to swing north on Junipero Serra highway.

"If a driver can make a left turn from the exit he is not only endangering his own life, but also the lives of everyone on the highway," Bertetta said.

The left turn resolution is a stop gap measure until such time as the Joint Highway Commission extends the safety island at School and Junipero Serra to the northern limits of Kings market. When this is done, a left hand turn will be impossible.

Earlier, the Stoneson Co., acting under orders of the Commission, put up a curb at the gateway. Irrate residents who had been accustomed to using the road for an exit and entrance took sledge hammers in hand and broke down the curb.

Also, Monday night the council passed a resolution calling for a public hearing on the possible annexation of two blocks of the Garden Valley property, located south of Daly City. At the present time there are no homes on the land, and Lagomarsino is planning construction of houses.

Date of the public hearing, at which any objectors will be heard is set for July 24 at 8 p.m. in the council chambers.

The contract for putting in a $20,000 water system in the Concordia district was awarded to Walter Lenkeit company. Approximately one-half this sum will be "lent" the city by the United Construction Company who will profit most by the system. (The company plans to begin building from 80 to 100 homes in the area when the present improvement work is completed.) Over a period of years the city will pay back the company, at no interest, the $10,000 borrowed for the work.

Blair Company was given a $3,060 progress payment for the grading of Marchbanks park.

Another progress payment of $15,762 went to Fay Improvement Company for work in the Concordia area.

This concluded the council meeting.

Firecrackers Verboten In Daly City Area

Firecrackers are forbidden by law in Daly City, Police Chief W. W. Sunderland reminded residents today.

His announcement was prompted by several recent incidents where boys have been shooting off the crackers everywhere from the Daly City Theatre to under unsuspecting neighbors windows.

A city ordinance bans the sale and discharge of firecrackers. Chief Sunderland said the law will be rigidly enforced.

Drive Against Slots Soon

Beating slot machine interests at their own game, San Mateo county law enforcement officers this week mapped out a defense against "doctored" machines expected to appear in the county July 15.

On that date a new law will make the machines illegal. However, it is expected that manufacturers will attempt to change the machines so there will be some doubtful question of skill involved.

Pinball machines, classed as games of skill, are still legal. It is expected other operators will attempt to pass off their machines in the same manner.

To meet the problem, all police agencies will be called for a discussion of the law governing the machines.

Mrs. Stura, walked out the front door, and drove away in a new Chevrolet.

Approximately 10 minutes later, at noon, Mrs. Stura reasoned she had been the victim of a phony investigation. She then called police.

According to Mrs. Stura's story, she was in the garden when she saw a man going up her back stairs. When she stopped him, he flashed a badge and said curtly, "I'm from the FBI." He explained he was investigating a report that the Sturas had gold in the house. (It is illegal to harbor any great amount of gold.)

Excited, Mrs. Stura took him to the kitchen. He then went to the front door and let in his two "assistants."

Mrs. Stura took them to the basement safe, and they were bent over it when Mrs. Stura's daughter, 252 Granada, San Francisco, accompanied by her husband, walked into the garage adjoining the basement.

Mrs. Bruno demanded to know what they were doing, and when they explained she was overcome by excitement and fainted.

It was then the two men carried her upstairs, while the third broke off the safe lock with a pair of heavy pincers. Nothing was in the safe but United States government bonds.

Neither of the women, or the son-in-law, was able to give police an adequate description of the men,although they said the trio were of middle age and wore their hats pulled down over their foreheads.

Police Chief William Sunderland immediately notified the FBI, who said they had no men operating in Daly City. An all point bulletin was put out for the trio.

The FBI stepped into the case, as anyone impersonating a government agent has committed a federal offense.

John Stura, a cement contractor, was away on a job at the time of the incident.

Cub Pack Adjourns For Summer Months

Cub Pack 36 held its last meeting for the season Tuesday night, at the St. Francis church hall, on Ocean avenue.

It was graduation night for many Cubs and Scouts, and the hall was crowded. The graduation ceremonies were conducted by Mr. Arnold Airo, former Pack 36, Scoutmaster, and Scoutmaster for Troop 40. The ceremony is impressive, and the graduating boys carried through the candle lighting ceremonies with the true spirit of scouting.

Den 15 only had one Cub graduating. Ted Hansen. The others will carry on in the fall till the fall graduating in November when several more are scheduled to go on into scouts. Others in the den will be graduated in the spring.

The following boys in Den 15 received awards: Ted Hansen, Lion silver and extra silver, Mervin Wenstiel, Lion, Bear extra silver, Blair Forbes, Wolf extra silver.

Boys in Den 16, receiving awards were: Larry Carratti, Wolf, Chief Dener, John Fern, Wolf, assistant denner, and James Gerlack, Wolf.

More About The Doelger Story

(Continued from Page 1)

shoulders and asserted he would be broke in a matter of months. However, certain that home owners would pay for the best, he tentatively put up several homes. They were snapped up as fast as they were built. Confident, now, that his dream would materialize, he turned on full steam, and despite predictions is doing extremely well.

Grandfather

Much of the credit for the beauty of Westlake goes back to Doelger's grandfather who emigrated to San Francisco from Germany in 1872. "He was a cabinet maker, and came from a long line of builders and architects," Doelger said. "That same feeling for beauty in work has got into my blood."

But Grandfather Doelger was no millionaire. Henry was born into a family of relatively poor bakers. Until a year before the San Francisco fire, the Doelger family lived in a bakery on Mason and Pacific. The establishment was below the street, and Doelger fondly recalls the picture of his father handing up bags of donuts (at 10c a dozen) to customers returning from a fling on the Coast.

After a brief stop at Taylor street where father Doelger operated a grocery store, the family (there were two other brothers, Ralph and John) in 1904 moved out to the Sunset district.

Early Days

Looking back on those early days, Doelger admits his father wasn't much of a business man. In fact, he seemed to have had a hard time making ends meet.

"My mother was the manager," he says. "Any business sense I have, I inherited from her."

Julia Doelger, who died at the age of 82 early this year, was the major guiding influence in her son's life. "Henry is the toughest" Julia repeated often, and a soft smile broke the determined line of her face, "but then, he is the best."

It was she who respected education, and insisted that Henry take night courses from the University of California. Having completed the eighth grade, he was forced to go to work, as his father had died, and the family was in need of every cent available.

But shortly before Doelger launched on his night school courses he dreamed the American dream. He was 10 when the great fire and earthquake laid waste of San Francisco.

Too young to work in the saloon his father had opened, Doelger took the first step toward making the dream of a million dollars come true. Tramping into San Francisco he methodically worked over the ruins of each house, carrying out a load of heavy sash weights. The weights he turned over to the junk man for cash. In a matter of weeks he had collected the first $300 of the Doelger fortune.

Dream

The dream was beginning to take shape. His first job, however, appeared to be a setback. Answering an ad for a bottle works, Doelger hoped to make $40 a month in the factory. When he went to the office, an alert clerk noticed he wrote a clear, legible hand.

"That clerk was a fast talker. He told me I had a better chance of advancement in the front office, so I took the job. Trouble was it only paid $25 a month."

Noticing that $300 a year wasn't going to make him a million dollars, coupled with the fact that the highest paid man in the office got but $80 a month, Doelger soon left the bottle works for a job in a Sunset district grocery store.

There he worked for a straight salary, 13 to 18 hours a day. The pay, however, wasn't the principal attraction for the 16-year-old boy. "I liked it because they gave me a bonus of 50 cents for every new customer I brought into the store," Doelger explained.

Go Getter

Posting himself on a busy corner near the store, he kept a careful watch of every moving van coming into the area. Once the horse drawn dray was spotted, he followed it to the new home where he launched into a convincing sales talk. Taken by his broad smile, the majority of new residents were soon doing business with his employer.

Although he was doing well, his mother saw that working long hours was slowly ruining her boy's health. She insisted he quit the job. He left the store reluctantly, and took a position with a large San Francisco furniture store. But his stay there was short. In 1915 his brother Frank, who had been operating the saloon, was injured, and Doelger took over the management of the bar.

Meanwhile, he diligently was studying navigation in night school, and in 1918 he qualified as a merchant marine cadet. Another manager was hired for the bar, and Doelger, wearing a St. Ignatius school letter sweater, and a navigation book tucked under his arm, went down to sea.

Confident in his knowledge of navigation, he walked aboard his first ship just five minute before sailing time. His jauntiness lasted just one minute more, when a disgusted mate thrust a pair of overalls and a wire brush into his hand.

Sea Life

During his first trip to the Orient, Doelger saw more of the deck over a bucket and a brush than the sea.

"They were a rough bunch, who didn't have much sympathy with educated sailors," he remembers.

His natural affability was strained to the limits when on the return voyage a cocky bosun ordered him to wash down a bulkhead using a vertical stroke of the brush. No sooner had he cleaned the bulkhead when the bosun told him to do it horizontally. Doelger sized up the petty officer and swung at him with the heavy brush. He didn't inflict any damage, but his days of menial labor were over.

Friends assert that episode is indicative of Doelger's business procedure. They point out that he will be reasonable, but only up to the point where he figures the other party is "shoooting straight." An acquaintance said the other day, "Henry will do anything for you as long as you play it square; but try and make him do something which he thinks is unreasonable, and you're in for trouble."

The two years at sea were uneventful, except for one memorable occasion when off the coast of Costa Rica the ship's boilers broke down. At the mercy of the tides, the vessel floated for several days, before another ship came to the rescue.

"I'll never forget that to my dying day," Doelger recalls, "There we were, about to be saved, and our captain told the other freighter to go to hell. He wanted to be towed into Panama. They wouldn't comply."

Westpool

Fortunately, within a matter of days another ship drew alongside and did take Doelger's vessel near Panama for repairs. The name of the second ship was "Westpool," a name which Doelger's creative imagination has employed, with a change, from pool to lake, for Westlake.

Doelger quit the sea in 1921, for he saw he wasn't going to make a million as a quartermaster . . . and for the less romantic reason that he had a nasty habit of becoming sea sick. Chances are if it hadn't been for the recent discoverey of anti-sea sick pills, Doelger would never have invested in his palatial new yacht. As it is, he has licked the bad stomach and is almost as well known in the bay area for his yachting as his building activities. In addition to his yacht, he owns what is reputed to be the fastest speed boat on Clear Lake.

Done with the sea, Doelger went to work for the Union Iron works. He lasted there just six months. The depression hit and he was out of a job.

By 1923 he was doing moderately well with his brother Frank who had entered the real estate business in favor of running his father's saloon. However, at 27-years-old he was still about $999,000 short of the great American dream.

The turn came that same year when the two brothers managed to scrape up $1,800 and invest it in a piece of San Francisco property. Three weeks later the brothers sold the same land to a theatre company for $28,000.

During the next few months, the Doelgers sunk their small fortune in additional property in the Sunset district.

"They were just as sure I'd flop there as when I invested in Westlake," Doelger said.

Fortune Bound

Fortunately "they" were wrong, and by 1926 the lots that he had bought for from $8,000 to $10,000 each were worth close to $70,000 apiece. Speculation was paying off, and Doelger, at 32, was thinking seriously of retiring. He had realized the American dream.

It was then that another real estate agent eased up to Doelger and suggested that he make an investment; but this wasn't in lots, this was in acres. "I was a city boy, and when he showed me that thousand acres near Healdsburg, it was more than I could take. Imagine all that land."

Doelger bought the ranch, named it Thel Hendo, and had visions of a long, peaceful rest from business.

The vision lasted only as long as it took a depression cloud to roll in from Florida. Late in 1926, Doelger found himself with 11 lots in the Sunset district, reputed to be worth close to a million dollars . . . and he couldn't sell them for a dime. The dream collapsed with a resounding thud when, as Doelger calls them, "the wolves" began to gather and demand payment of $200,000 for street work on the lots.

His back against the "wall," Doelger with his accustomed audacity and disregard for advice from more cautions business men, began to build.

"I couldn't sell the lots, so the only thing to do was to put houses on them. I scraped up $60,000 and put up my first five homes at 39th and Judah."

Bad Days

Those were trying days, a long time friend recalls. "Many a night Henry was walking the bathroom floor, his mind on the creditors and his eye on a razor."

Beating off the "wolves," Doelger sold the homes and put a down payment on the street work. He was on the road back to the million dollar goal. By the end of the first year he had built 18 homes, and when 1928 rolled around he was putting up as many as two houses a day.

With a high regard for efficiency and no patience with red tape, Doelger soon was worth even more than the million dollars. Consequently, when the 1929 depression deflated the nation, he hardly felt the pinch.

During the 1930's he literally single handed built up the Sunset district. Over 38,500 San Franciscans now live in the 11,000 homes he has constructed.

With the war, he turned to low rent housing units for east bay war workers. Within months, his organization constructed 500 homes from Oakland to San Leandro. He also is responsible for the fine housing in Mayfair Village.

Big Building

Once more he talked of retiring; but then came the biggest building adventure of his career . . . Westlake. Purchasing land at $8,000-$12,000 an acre, he prepared to launch the $125,000,000 project.

Employing over 1,000 men (and his own equipment, from a saw mill to road grading equipment) he moved some 10 million cubic yards of earth to fill in the valleys, tear down the hills and level the land for construction.

The rest, although Westlake is far from completed, is now history.

Today, Doelger is still thinking of quitting, but not before he starts construction of lower price housing. He won't say how large a project this will be, or where it is to be located, but he promises it will be as big a thing as Westlake.

A skeptical associate remarked, "Sure Henry will retire alright. . . when he's dead."

Carl E. Wall

Funeral services were held Saturday for Carl Eric Wall, 83, 24 Garden Lane, Broadmoor.

A native of Sweden, Wall had lived in the Colma area for the past eight years. He died Friday morning in a San Mateo hospital.

He is survived by his daughter, Mrs. Ruth Tichy, and son-in-law, E. J. Tichy. He also leaves a son, Arthur, of Seattle, Washington.

Services were held at the W. C. Lassell chapel Inurnment followed at Olivet Memorial park.

sible) to a Daly City shoemaker called Rocco.

And speaking of valuables, there are two families in Daly City today who probably will attest to the fact that there is no safer place for money than a bank.

We speak of John Stura, who was the victim of three phony FBI men, Monday. The trio, as reported elsewhere in the Record, were looking for gold in the Stura home and bluffed their way into opening the homemade Stura safe. That might never have happened if the Daly City family had put more trust in a safe deposit box.

Then, there is Frank Ferretti who lost close to $12,000 in bonds and cash in a recent fire.

Chief of Police W. W. Sunderland also recalls an incident of several years ago when a family tried to unload $40,000 in gold coins . . . all of which they had kept at home. Fortunately, they convinced the government that they were ignorant about the law banning the possession of large amounts of gold.

With the telephone company busy changing numbers in Daly City, there is no end of confusion these days as one diligently dials a number and hears only the operator's courteous distant voice.

An operator friend of ours (the telephone variety) reports an interesting, but brief conversation she had with a confused customer recently.

"Funeral parlor?" the elderly, slightly deaf woman asked the operator.

"What number were you dialing, please," the operator replied.

"No, he's not dying, he's dead," the woman replied.

Somewhat taken aback, the operator said: "This is not the funeral parlor. What number were you dialing, please?"

"No, no, the old fool is dead," the woman snapped, and hung up.

The operator is now practicing her pronunciation of "dialing" with special emphasis on the "i."

WESTLAKE WHIRL

by Marian Christians PLaza 5-0946

This is the first edition of a Westlake column in the Daly City Record, and I am sorry it is such a brief one.

I would surely appreciate any, and all information regarding items of interest to all of us in Westlake.

If you have any items concerning births, weddings, parties, sickness, or just plain gossip please call me.

I can be reached either at my home, 102 Wilshire avenue, or by phone at PLaza 5-0946.

Little Ren Le Tourneau, daughter of Mr. and Mrs. D. L. Le Tourneau, 110 Wilshire avenue, and her grandmother, Mrs. Marie Hechtel are leaving soon to spend the summer visiting relatives in St. Paul, Minnesota.

Mr. and Mrs. Glen Brewer, 134 Wilshire avenue, are happy to announce the arrival of John Cannon Brewer, who "weighed in" at 7 pounds 13 ounces on June 6 at Children's Hospital.

Little Nancy Brewer, age 3, is pretty happy over her new brother.

We are sorry, however, to learn that Mrs. Brewer is seriously ill and returned to the hospital Monday, June 19. We hope she will have a speedy recovery.

Three Jeff High Boys At Meeting

Three boys from Jefferson Union High School are attending Boys' State at Sacramento this week.

The boys are Pat McCool, Richard Sims, and Dick Firth. They were sent by the Daly City Post, Broadmoor Post, and Brisbane Post of the American Legion.

Boys State is an annual meeting of boys from all the high schools in California. It is sponsored by the American Legion to encourage the development of interest in good government.

During the week the boys form State, county, and city governments, electing officers and carrying on business. A full program of athletics and other recreational activities keeps the boys busy and happy.

Boys' State has been conducted for many years and all who attend come home enthusiastic over its success.

Ann Allen will attend Girls' State which is similar to the one held for boys. Ann is being sent by the Daly City and Brisbane Auxiliary posts.

These students were chosen by their classmates, all of whom will be seniors next year.

GARDEN CLUB

By ELSIE M. GARRISON

What with vacations at hand, and ambition running the gamut, from exultant anticipation to sloughs of despondency, the home gardener might conceivably be in somewhat of a quandary. I might venture to suggest that the murky weather that has been ours the last several weeks, has no doubt affected our morale a little, and if this is the case why not settle down with a good book on gardening, and ignore the antics of the weather-man.

It was with this thought in mind that I called on Robbie Miguel, Librarian of the Daly City Garden Club, and was able to obtain her latest book reports, which are always so interesting to all of us. In as much as she is the mother of a very new baby daughter, I was not surprised to find the reports sandwiched between "Infant Care" and "Formula Charts," and deliciously fragrant by virtue of its proximity to the talcum can. This is a considerable elevation considering these reports inevitably cover fertilizer, in at least one chapter. Her report is as follows:

"A book I found to be especially interesting is Dorothy Jenkins' new books called "The Week-end Gardener." This tome could aptly be called "How to Save Work and Time." . . . It has a much broader use than the title indicates. The book jacket hints at this when it says, "Gardening made easy for the commuter and others who have limited time.

Garden Book

"Actually, Miss Jenkins has made a strong bid as the author of the best general garden book of 1950. It is especially helpful, as the title gives a clue, to the gardener, who never has enough time, and can accomplish most tasks only on week-ends or at irregular intervals. Miss Jenkins agrees with the modern idea that gardens should be designed from the house outward to the lot line, so that the residents can enjoy the maximum effects of the landscape and also their labor, instead of a pretty picture to be seen from the street. This calls for a different consideration of the street exposure, or side, which is thoroughly explained. As a how-to book, this is one of the best. Sensible and easily read chapters cover soils, annuals, time savers and numerous hints.

Another Book

"The Handy Book of Gardening" by Albert E. Wilkinson and Victor A. Tiedjens, is one of those rare volumes which serves as a detailed guide for the neophyte gardener as well as a reference work for the more seasoned. The authors have divided their work into well organized sections on the raising of flowers, vegetables and landscaping with special emphasis on trees, shrubs, and lawns; the raising of fruit and nut trees and finally the care of house plants. From the introduction and throughout the book, it has an encyclopedic tone, complete with diagrams, tables, lists and charts, and should prove very valuable.

A word of caution: Don't try to read this in one sitting. Such instructive texts serve better as references in specific instances.

With seven east bay Garden clubs entered in the Florticulture division of the Alameda County Fair, slated for June 28 opening, Mrs. Harold Gordon Henningsen, who is well known to the Daly City membership, promises a real treat for amateur gardeners. As Oakland co-chairman, she annouced that individual competition will embrace cut flowers, potted plants, and flower arrangements. It is open to all who grow their own flowers in Alameda county, but she especially invites all her friends in this area to attend. It will be held in Pleasanton.

Newlyweds --- The Emanuele Damontes Honeymooning In Washington, Oregon

Newlyweds honeymooning through Washington, Oregon, and Canada, this week, are Mr. and Mrs. Emanuele Damonte, "Mrs." being the former Carolyn Cecelia Fuchs.

The couple met at the altar of Holy Angels church Saturday, June 10, at 4 o'clock to exchange "I do's." Father Anthony Morrissey officiated at the double ring ceremony.

Carolyn was escorted down the aisle by her father. For the ceremony she chose traditional white, her gown being fashioned with long sleeves, full train, nylon net yoke trimmed with her great-grandmother's lace on the yoke and hipline, and buttons down the back. Her long veil was held in place with a braided satin crown entwined with pearls. The dress and veil were made by her mother. Orchids and fleur de amour composed Carolyn's cascade bouquet.

For the something old, the heirloom lace on her gown, new was her veil, a sixpence was borrowed and blue was the garter.

Preceding the bride to the altar were four attendants: Ruth Burnham, matron of honor; Mary Ann Bartels, Betty Welp, Jean Puccinelli, bridesmaids; and Barbara Ann Casentini, flower girl.

As matron of honor Ruth donned a yellow gown of organdy over taffeta. It was fashioned with a gathered waist and tied at the back with a huge yellow sash. The large bertha collar was of embroidered organdy. The bridesmaids wore similar dresses in aqua. All girls carried bouquets of yellow sweet peas. Barbara Ann wore an aqua bonnet and carried yellow sweet peas in the shape of a basket. Her mother, Mrs. Michael Casentini, made her costume.

Serving as best man was Robert J. Damonte. Ushers were Charles N. Anderson, Moe Delfino, Eddy Garibaldi.

For the wedding Mrs. Damonte, mother of the groom, chose a navy blue crepe dress with a coral hat and navy accessories.

Mrs. Fuchs wore a navy faille suit, a chamois hat trimmed with navy and blue accessories.

A reception followed at Guadalupe hall. Refreshments were served buffet style and dancing was enjoyed by all. The bride's bouquet was caught by Mary Ann Bartels and the bride's garter by Robert Damonte, brother of the groom.

Upon their return from up North the couple will make their home in San Bruno.

Carolyn, daughter of Mr. and Mrs. Henry Fuchs, Bryant street, Colma, was graduated from Jefferson Union high school, attended San Mateo Junior college and is now employed by Surplus Line Association of California. The groom, son of Mr. and Mrs. Emanuele Damonte, Colma, was graduated from South San Francisco high and San Mateo Junior college and is now attending San Francisco State college. Runaway Car Hits Hillside Home

Another runaway car scored a "house hit" Wednesday afternoon.

Harry M. Kordoules, 4 Muirwood drive, parked his machine in front of his home about 3 o'clock Wednesday. A few minutes later the car broke away, rolled down the hill, and slammed against the side of the B. K. Streeter home at 125 Hillside.

Police report the car did "considerable damage," although Kordoules was able to drive his machine away from the accident. Kordoules was cited for failure to make a proper hill hold.

Dumonts Report Canada Ideal Vacation Spot

(Ed. Note: During the vacation months the Daly City Record will be happy to print letters concerning your travels. just drop us a line c/o the Daly City Record, 3317 San Jose avenue, Daly City.)

Editor:

After leaving Daly City June 12 in the morning, my husband and I arrived in Alberta, Canada, the third day, where we stayed at my old friend's home. We were just in time for the evening meal.

It was a pleasant reunion after 22 years. She and I were friends in France long ago. This is a nice place, and of all the places we passed during our trip, the state of Washington would appeal to us next to our California climate.

Canada, of course, is nice to visit. We are sure Mr. Sweeney will be glad to know our 1950 Studebaker Land Cruiser took us here in good time, and was admired all the way. It is a pleasure to have such a good car on a long trip like that.

We will start back home in a few days, and there is not time for us to write to all our friends, so this is a hello to all of them from my husband and me.

So, until we see you all again,

Mr. and Mrs. Paul Dumont.

City Must Foot County Jail Fees

Daly City will now have to foot the bill for prisoners kept in the San Mateo county jail who have violated Daly City laws.

This decision was handed down this week by District Attorney Louis B. Lemattei, and the office of Attorney General Fred N. Howser.

However, those arrested by city police for violation of state or county laws will not have to be paid for by the city.

Fortunately, unlike many cities in San Mateo county, Daly City has a local jail and rarely needs to use the facilities of the county lock up.

Cost of feeding a prisoner in the county jail runs from $1 to $1.25 a day.

Why Not Let Us Help Your Organization, Too?

Editor:

For handling our publicity, giving us space, and bearing with us in our errors, Cub Pack 36, and all its sponsoring and attending personnel, wishes to say a sincere "thanks."

We know it hasn't always been easy, especially at times when there is a great volume of political news, and comment, to squeeze in our little write-ups, but we feel that you have always done your best for us, and we shall look forward to carrying on this pleasant relationship in the fall.

Again thanks.

MRS. E. K. WHINNEN

Mr. and Mrs. Attillion Ghiotti, 1856 Sweetwood drive, today are the proud parents of a baby boy who may well be a future football star. The first child arrived in this world at Franklin hospital June 7, just 10 months to the day after Bette Becker took the name Ghiotti. His possible prowess as an athlete comes from the fact that he weighed in at a whopping 9 pounds 1½ ounces. The Attillio's have named their child Gary Michael.

A. J. Bodien, public works superintendent for Daly City, is back at his desk in city hall today following a week's vacation in Marin county. A great advocate of fishing, Bodien reports he missed out catching any big ones principally because he spent most of his vacation wielding a paint brush instead of a fishing pole. Respite the loss of fresh fish, Bodien made up the difference by attending several "successful" barbecues.

Cub Pack 62 Holds Annual Picnic

D. C. GENSEL

Cub Pack No. 62 held their annual picnic at San Mateo Memorial park June 4.

The boys participated in several games, including a softball game between the boys and fathers. The mothers challenged the fathers, after they assumed that the boys had tired them out, but we believe they were surprised at the reception awarded them.

It is impossible to list all of the first prize winners, but we believe that the majority did receive first prizes.

Upon the completion of activities, a weiner roast was held, at which 12 cases of pop and 33 pounds of weiners were consumed.

The rest of the weiners, about one-half of them, were eaten at the regular Cub meeting Monday evening. Several of the boys received awards. Also, several ladies volunteered to serve as assistant den mothers, which is gratifying, as we have a number of boys seeking admission to the pack.

Summer activities of the pack will be slightly curtailed due to vacations. However, it has been decided to hold the regular meetings, and the den mothers will hold their meetings at their own discretion. Any of the den mothers may take their respective dens on outings whenever they so desire. There will be a regular pack outing for the entire pack throughout the summer.

The pack fathers have entered a team in the Daly City softball league, so fellows let's get out and give our pops some moral support.

Beautiful bouquets of white gladioli, cala lillies, and stock decorated the fireplace in the San Francisco home of the William Brockmans, grandparents of the bride, Saturday afternoon at which time Eugene Lowery claimed Mildred C. Wright as his bride.

Preceding the new Mrs. Lowery down the satin ribbon and flower decked aisle as matron of honor was Mrs. Dorothy Messer, frocked in white organdy over an orchid chinz slip. She carried an old fashioned bouquet of lavender pansies, and wore a halo cap of the same flowers in her hair.

When the bride was escorted down the aisle by her father, Homer Wright, she was wearing a white lace gown over an ice blue Taffeta slip. The fitted bodice had long sleeves and a round scalloped neckline, with a very full ballet length skirt. Her half length veil of lace trimmed net fell from a small crown cap of blue taffeta, and her bouquet was of white roses and bouvardia, centered with a white orchid.

122-W-650 PACIFIC GAS AND ELECTRIC COMPANY

BAYSHORE VISITACION VALLEY

By Bernice Hendryx JUniper 4-6449

Looks as though there will soon be an addition to our Sanitary District.

Our Fire District and Sanitation District are at present the same size, and cover just this little area that we call Bayshore. On a map it would resemble a slice of pie, with the back, or large edge, bordering the bay. Southern Pacific covers a large part of this big edge, with lots that extend into the bay and are completely covered with water. Part of this land is called the Fill and Cover. Don't know whether that is the proper term or not, but it is commonly called that, partly due to the fact that some of this area is used by the Sanitary Fill Company, a garbage disposal company, and they dump garbage in there, and then cover it over.

This Sanitary Fill company pays a fee to our Sanitary District for the right to dump, but of late, our Sanitary Board members have added a few wrinkles to their brows because they realized that there was very little space left that belonged to our district, and that soon we would lose that revenue unless something was done.

That's where the aforesaid addition comes in. Southern Pacific Railroad wants to include some more of the tide lands belonging to them in our Sanitary District. They have presented a petition to our Board to that effect.

The way it looks to me, the addition accomplishes two purposes. This garbage company continues to pay our district, and at the same time, useless tide lands belonging to Southern Pacific are converted into dry land property.

As a point of information, I'll try in my own feeble way to acquaint some of you with a part of Bayshore that you may not know about.

Hidden Land

Behind that fence on Bayshore hat many of us wave an arm at and say "That's Southern Pacific," is a hidden land. Our district extends a long way out and sideways, and there are several large industries in there that belong to Bayshore. This garbage disposal business has been going on for some time, and as the tide lands are filled in, Southern Pacific has sold portions to other industries.

We have several large factories and lumber companies out in there, that furnish employment to some of us, and at the same time, lighten our tax burden. Actually, when you consider the ground taken in by the Cow Palace, the Naval Project, and all of our big industries, Bayshore isn't such a little place after all. Don't let anybody look down their nose at you and say "Where's Bayshore?" I think we've really got somethin' here fellas.

Moving

Toby and Theda Sands, project members of the Mr. and Mrs. Club, are moving into their new home at Menlo Park this week. Theda will continue to work at the Administration Building, so we aren't really losing them at all. In all probability, they'll show up at the Mr. and Mrs. picnic, scheduled for this Sunday, and things will continue as usual.

We saw Jim Mills taking his life in his hands a few days ago. Seems he is teaching his son to drive. After killing the engine three times in false starts, the last we saw of them, they were off with a jerk, headed in the general direction of Geneva Ave. Jim was leaning back, apparently enjoying the bucking landscape. There is a brave man folks.

Summer Camp

The Baptist Church will have two periods of summer camp for youngsters that might like to spend a week outdoors. The Bible encampment is at Mount Herman, in the Santa Cruz Mountains, and a swell spot for the kids. One period will run from July 23 to 30, and the other will be from July 30 to August 5. Any parents that would like to check on details can call Reverend Widenham at JU. 5-5947.

One of the familiar relics in the neighborhood is no more. Our old Chevy that jingled and jangled up and down the hill was finally towed to rest in a used car lot. The used car dealer looked at the car and told us that it was worth $200. I immediately became suspicious of every car on the lot. Any man with judgement as poor as that must be watched. After much tapping and testing, we finally settled on one that I couldn't kick the fenders off of, and after successfully intimating that he hadn't fooled me a bit, we brought the car home.

I called everyone in Bayshore that had ever looked at a motor, and invited them to test the thing. That's where all that smoke came from last Saturday. We were riding up and down the hill with everyone that would consent to get behind the wheel and give us an opinion.

Car Dealer

I am left with the feeling that the car dealer doesn't much care if I ever throw my business his way again, and that he has reached the conclusion that I am a woman with a suspicious nature.

Christine Imbimbo came home from the hospital with her new boy to find that her husband had managed to get the whole house painted, inside and out. There's as pleasant a surprise as any of us gals could wish for. Many of the male neighbors of the Imbimbos have had to do some quick thinking to explain that they love their little women, but honey, we haven't got the money. That's no excuse men, when dealing with the weaker sex.

The Mr. and Mrs. Club is throwing a dance at the Administration Building on the 8th of July. 25c admission, and fun for all.

The H. Smiths of 904 Schwerin St. are entertaining Mrs. E. Higgins from Richfield, Utah. Mrs. Higgins will be here a week or so.

DALY CITY-COLMA

Al Neville this week presented the program at the Daly City Lions club regular meeting.

He brought a movie, courtesy of the Ford Automobile Company, which showed how life has changed in the Tennessee valley now that the Tennessee Valley Authority has brought electricity to the average family.

Meanwhile, the Lions discussed the installation of new officers. This ceremony, for Lions and their invited guests, is to be held at the Club Casino at 7:30 o'clock next Thursday evening, June 30.

CUB PACK NO. 84 STAGES OLYMPIC GAMES THIS SUNDAY AT JEFF HIGH

Participating in everything from the relay to the shot put, members of Cub Pack No. 84 will stage their own Cub Olympics this Sunday.

The public is invited to watch the young men as they do or die for the Pack at Jefferson high school field beginning at 1:30 p.m.

Five dens will be participating in the Olympics' 21 events.

Winners are to be judged on a point score, with the two highest receiving cups. The cups, it is planned, will be perpetual trophies and handed down from year to year.

Refreshments, at a moderate price, are to be sold to spectators during the show.

Meanwhile, June 11 members of Den No. 2 held a picnic in Flood park. Despite the rain they managed to cook up some fairly tasty food.

Crocker P. T. A. Gives Luncheon For Graduates

Last Wednesday Crocker graduates were given a luncheon at the school by the mothers of the class, who are members of the Crocker Parent-Teacher Association.

Assistance was also given by the Woodrow Wilson Parent-Teacher Association, as many of the children formerly attended this school.

The class numbered nearly 100, and is the largest to graduate from the school. Although the luncheon room was rather small the spirit of the group and the food took care of this minor detail. The five tables were decorated with garden flowers. The dishes carried out the school colors of green and white, and each boy and girl received a miniature mortarboard filled with candy. These hats were later donned when they had their pictures taken.

The menu for the day consisted of spaghetti, cole slaw, french rolls and butter, homemade cake and ice cream, and fruit punch. For the occasion a huge cake trimmed in green and white and inscribed fittingly to the class was the final touch. After the food was consumed each table was photographed, and everyone in the class received a picture as a souvenir of the party.

Special guests of the day were their teachers, Miss Marjorie Tobias and Mrs. Louise Plumb, Mrs. Muriel Vint, the Superintendent of Schools, Mr. James Snell, Mrs. James Snell, General Supervisor of Schools, Mr. Hugh Falconer. Mrs. Falconer was unable to attend.

The committee who planned the affair and carried out the work was composed of Mesdames Wanda Michelsen, Bruna McKenna, Amanda Neuner, Edna Mullen and Dorothy Kramer. Mrs. Michelsen was responsible for the spaghetti and cole slaw. The food was brought at twelve o'clock and piping hot, ready to serve. Mrs. McKenna took care of the ice cream, and Mrs. Neuner made the fruit punch. Mrs. Mullen was in charge of the homemade cakes.

Thanks goes to the mothers who baked the delicious varieties of cakes. To Mrs. Kramer goes the credit for taking the pictures of the group. She was ably assisted by her nephew, Mr. Fred Waterman. Mr. Waterman was a student of Crocker School about ten years ago, and has this year graduated from Cal-Poly down south. And thanks to the teachers who assisted the mothers in the many little details of staging a party.

Anne Allen Chosen For Girls State

Anne Allen, 146 Vista Grande, has been selected by her classmates at Jefferson High school to attend Girls State.

Anne is sponsored by Daly City, Brisbane, and Broadmoor units of the American Legion Auxiliary.

Last Saturday Anne attended a luncheon at Villa Chartier, given to honor the Girl Staters and their mothers.

Anne left Wednesday for Sacramento where she will spend a never-to-be forgotten week of enjoyment and instruction.

OLPH Mothers Club To Continue Whists

The Mothers' Club of Our Lady of Perpetual Help will continue to sponsor whists on the first Tuesday of every month throughout the summer.

Mrs. George Calegari, recently elected club president, said the popularity of the whists had determined the decision.

However, as Independence Day falls on a Tuesday this year, July 4, there will be no afternoon whist in July. Instead the Mother's Club will hold a night whist in the parish hall, 80 Wellington avenue, July 21, at 8:30 p.m.

The new officers will form the committee in charge. The public is cordially invited to attend.

Lutheran Church Picnic Sunday

Lutheran Church of Broadmoor will hold the picnic, which was post-poned from June 11 due to rain, next Sunday, June 25 at San Bruno Park, Crystal Springs road in San Bruno.

Parents are asked to bring family lunch along. Soda pop and ice cream is going to be supplied by the church.

Those wishing to enjoy this picnic with the group should meet at the Broadmoor Community Center after church Sunday. The picnickers are to leave the Center about 12:45, after it is seen that everyone has transportation. You are invited to help make this a memorable event, especially for the children. There will be games for the young ones.

Following the series on the Commandments, Pastor Max Zschiegner will preach on "Keeping the Sabbath" Sunday in the service which begins at 11 a.m. at Broadmoor Community Center. Sunday School will be held at the regular time, 9:45 a.m.

Evangelist Now At Meeting House

J. Charles Dailey

Evangelist J. Charles Dailey and his party are currently meeting at the Meeting House, 6783 Mission street.

Meetings are held each evening except Mondays. Accompanying Dailey are Darrell Reyman, song director, and Helen Pritchard, pianist.

"The only answer to division in the church world is to take the Bible alone as the rule of faith and practice." Dailey asserts.

He further states: "Much confusion has come in the last 200 years by taking books beside the Bible as a guide. My answer to the problem is a return to the Bible and an examination of its teachings."

Woodrow P. T. A. Name Chairmen

With the exception of a chairman for the sewing committee, President Lois Adami has completed her appointments to the various Woodrow Wilson PTA committees for the following year.

They are: program—Mrs. Edward Goldkuhl; membership—Mrs. Emil Bertelli; publicity —Mrs. James Hickey; room representative—Mrs. Gildo Reginelli; health —Mrs. Ken Atteberry; food sales —Mrs. Edward Bucher; parent education— Mrs. James Snell; hospitality — Mrs. Joseph Ausano; Woodrow Wilson news editor—Mrs. Gordon Petersen; student aid —Miss June Gross; life membership—Mrs. Lillian Thomey; magazines — Mrs. William Berardy; emblems—Mrs. James Jordan; finance and budget—Mrs. Ted Hopman; sewing—open.

Since one of the newest interesting additions to Woodrow Wilson Elementary's educational curriculum is folk-dancing, the WW PTA has elected to create costumes for the folk-dancing class. These costumes are to be of a type which may be used from year to year.

Several sewing machines and much volunteer assistance have already been offered. However, Mrs. Adami would be most pleased to have someone step forward to act as chairman of the sewing committee to coordinate these willing seamstresses, select materials and undertake the various other interesting details which will arise in conection with sewing in a group. With good luck, the costumes should be ready in time for use at the first PTA gathering in September.

Mrs. Adami's telephone number is PLaza 5-6697 and she will be delighted to hear from interested mothers. She also extends her best wishes for a happy vacation to all the officers and members of the WW PTA.

Colma PTA Holds Last Session Of 1949-50

By MRS. BERNICE SERNA

Colma PTA held its last meeting until the next school semester, on June 13, 1950.

Our new president, Mrs. Marjorie Hopper, conducted this meeting superbly.

Mrs. Allan Mori, read a list of planned activities for the summer vacation, sponsored by the Daly City Recreation Dept., for all school children in the community.

The budget for the coming year was approved and accepted.

Miss Avis Frink, public health nurse of San Mateo county, gave a very interesting and enlightening talk to the members. Do's and don'ts about your small fry. (Such as EARLY dental care, booster shots, diet.) She stressed the fact that parents should work with the teachers. She also asked for volunteer helpers to assist with the "Well Baby Clinic," just a few hours each week. Call Mrs. Clayton, PL. 5-2622 if you care to participate in this service.

There will be special summer school training classes to be tutored by Mrs. M. Pauline Brown. A six weeks course at $25—three classes a week. Closing date for registration is July 7, 1950.

Mr. Snell, our school superintendent, spoke on the very generous and cooperative help the PTA has been in the past year and pledged his full support to the further aims of Parent-Teacher work.

Our program chairman, Mrs. Thomas Blanco, presented: The Girl Scout Chorus, of troops 17-19, Jefferson Elementary School, Daly City, The Garden Village School, Colma. Selections they chose:

1—Alphabet, by Mozart.

2—Enchanted Evening—by Oscar Hammerstein.

3—Chant of the Corn Grinders—by Thurlow Lieurance.

Accompaniment by Memory Gomez of Garden Village, Colma.

Also on the program were the two Landi children, Julianne and Richard, accordian duets and solos. Their talents were appreciated at this meeting just as they have been in the past year.

The PTA is making plans for the graduating class party June 14, Wednesday, at noon. All committees are taking part in this party.

Mrs. Gertrude Stanghellini, our Magazine chairman, read a character thought titled, "Responsibility."

Refreshments were served by Mrs. Mori, our Hospitality chairman, thus ending our meeting for June of 1950.

Calico Clickers Hold Folk Dance This Saturday; Public Is Invited

The Rev. John Glasse Returns From Vacation

The Rev. John Glasse, pastor for the Broadmoor Community Presbyterian church, will be back in his pulpit this Sunday.

Rev. Glasse and his wife returned Wednesday night from a six week's vacation in the east. During the course of the trip they saw their sons and visited many relatives. Rev. Glasse reports they travelled over 10,000 miles.

Topic sermon for this Sunday was not announced, although it may well have something to do with travelling.

Folk dancers will have an opportunity to kick their heels and generally enjoy themselves at a Calico Clickers folk dancing party this Saturday evening.

The party is open to the public, and it is hoped many will avail themselves of the opportunity to dance the polka, square and other varieties of fast moving steps.

Getting underway at 8:30 o'clock, the affair will be held at Castle Hall, 7339 Mission street.

In addition to fine music, the Clickers promise the best in folk dance callers. All of the callers are experts with plenty of experience.

Also, there will be many door prizes for one and all.

Members of the committee responsible for the dance are Mr. and Mrs. A. B. McArdle, Don Donohue, William Hall, Raymond Bradley and Al Moreno.

Salinas Rodeo This Week End

Preparations for "Big Week" are going full tilt in Salinas, home of the California Rodeo.

Scheduled for the 34th time, this gigantic annual celebration got off to a flying start Wednesday, June 21st, with the judging of candidates in the Outdoor Girl Contest. The winner will be announced today (June 22) and acclaimed "Sweetheart of the 1950 California Rodeo." In addition she will receive a scholarship award of $500, which she may use for her education in any accredited California university or college.

Square and folk dancing groups will display their talents this evening on the turf of the Salinas Union high school stadium. Spectators will enjoy excellent seats around the well-lighted field, and it is expected about 2,500 dancers will be on hand. No admission will be charged.

Just to keep things from getting dull the downtown parade and general festivity known as the Colmo del Rodeo will be held Saturday evening. Floats depicting the history and modern activities of the region will compete for prizes. Later there will be street dancing and other activities designed to keep anyone in the community from retiring very early.

In addition to these special events, there will be daily downtown parades of mounted groups, contestants, and others making up the California Rodeo grand entry. It is estimated over 1,000 horses and riders will be seen in the arena at one time each day. Morning band concerts, a carnival and midway, and the presence of visitors and noted guests will contribute to the general excitement.

Sunday concludes Big Week and Salinas residents will be ready for a rest. Some of them may even say, "Never again," but right now they are "rarin' to go" for the 1950 California Rodeo.

SOFTBALL LEAGUE

Scores High In Opening Game Of D. C. Recreation Department Baseball

MILTON TROMBORG

It might as well have been foot ball last Tuesday night, as four softball teams got ready for their opening league game at Jefferson Union high school field.

The scores were high, the air cold, but regardless of this, the Colma Fire Department scored in every inning to defeat the Daly City Fire Department 24-16 in a free hitting practice game.

On another field, on the same grounds, the Daly City Eagles defeated the Scout's Fathers 21-11.

To you that do not know about this softball league, let me bring you up to date. The Daly City Recreation Department is promoting this league, and games will be played every Tuesday and Thursday nights. There are eight teams in the league.

In the games played last week, the Colma Fire boys came out in ful force, scoring 24 times. They came through with everything, including home runs. There were errors from both teams, but even though, it looks like the league is really going to get hot, and brother do I mean red hot.

The teams really have a lot of spirit, and to the surprise of every one, playing was really great.

So remember, if you want to see some good softball, come down to the Jefferson High School any Tuesday or Thursday night.

Next week, this paper will run all results of the game.

Motorcycle Races June 25 At Meadows

"Busy Bill" Kyne today turned his full-time attention to his next sports attraction, the $5,000 National Championship Motorcycle races June 25 at Bay Meadows, which took on an international flavor today with the arrival of an entry from Canada.

Canadian Champ Trevor Deeley of Vancouver will attempt to add the U. S. 20-mile title to his laurels at the San Mateo track a week from Sunday.

Entries are flowing in for the first American championship cycling event to be held in California and so far have been received from 11 states and include a host of the country's best riders.

Success of advance sales under direction of the San Francisco Motorcycle club indicate a capacity crowd and the Southern Pacific has scheduled a special train for the speed classic.

The "Championship Special" will leave Third and Townsend in San Francisco at 12:45 and return shortly after conclusion of the nine-race program, which includes seven races at five miles, one at 10 miles and one at 20.

Tickets are on sale at all motorcycle dealers in the bay area. General admission is $1.25 plus tax, reserved seats are 50 cents and box seats $1.

Two Jeff Preps Stand Out In Fifth Annual North-South All Star Game

MILTON TROMBORG

Splitting a double header, 53 high school seniors took part in the North-South All Star game at San Jose last Sunday.

The North nine was the victor in the opener, winning 6-5, but the South came back to win the night cap, 12-1.

The most outstanding player on the North team was Tom Del Sarto, Sequoia's high ace pitcher. Del Safor pitched in the second game, and after four innings, found out that he had given up 4 runs, off 4 hits.

The Souths most outstanding player was another chucker, Campbell's ace, John Oldham. Oldham was so perfect on the mound that he was by far the best player between both teams. In four innings of the second game, Oldham struck out 10 out of 13 batters, thus giving up one hit and one run, both by Jeff's Don Lunghi.

Here is how the boys from Jeff did in the two games.

In the first game, in which the North won, 6-5, Coach South's prize catcher, Alex Findlay, caught the whole game behind the plate.

At the plate, Alex got two free passes, scoring 1 run.

Picked as the 5th top player from the North nine, Jeff's Harold Mosman came through when he was needed most. With the bags loaded in the 4th inning, Mosman came to plate and lined a hard hit single to left field, scoring two runs.

Don Lunghi, who will go down in history as one of Jeff's most outstanding athletes, scored the only run in the night cap, which the South won 12-1. Lunghi was voted upon as the third best North palyer of the night.

John Matzek found it a little rough, striking out twice, and making three errors on the field, in the second game.

Every one of the boys saw action, but not every one received an award.

Both Pitchers, Del Sarto and Oldham will receive about $95 worth of college scholarship money.

(Editors Note): It seems a little odd about the way Tom Del Sarto pitched in this all star game. He looked so good that it made a lot of people wonder why the Jefferson high Indians of Daly City beat him five times in a row in the last three years. Yet, keep in mind that he was knocked off the mound three times by the same Indians. Regardless of this, Del Sarto is a great ball player, and if he gets all the breaks, he will no doubt go far in the game of baseball.

Gelsi's Chalk Up Another Win

After last week's win over Lucky Lager, Gelsi's Liquors came back with another victory Sunday over Park Presidio, 5 to 3.

Highlight of the game was the catching of Joe Lufrano, a boy who is calling his first "A" league game. He did splendid work behind the plate, and also got one hit to drive in a winning run.

Teshara got three for five, and Fred Lucia pitched a good steady game.

This Sunday at 2 p.m. on Harrison field, Gelsi's will take on Syls Service.

Ralph's Cleaners Washed Out Mon.

Welte's of South City last Monday washed out, and hung up Ralph's Cleaners by the score of 3 to 1 in the third game of the South San Francisco softball league.

This is the second straight loss for Ralph's; with but one game on the winning side. Things aren't too bright for next Monday night, either. Then Ralph's will meet the champion softball team of the league, Hirch & Price. Game time is 7 p.m. at the South San Francisco field.

In last week's game, the only scoring run was brought in by John Lucier. He got a single, stole second, and made home plate on two infield outs.

While Ralph's hasn't been doing well in the South City league, they have made a clean sweep of practime games. Last week they travelled to Redwood City where they downed West Bay Lumber Co. 4 to 3. They expect to do as well Monday night at San Mateo, (8:15) when they meet Aloysi's Market.

Vets Who Want Wings Must Apply

Veterans Administration has issued a set of affidavit forms for GI Bill flight training which should simplify procedures for applying for the training and at the same time speed up VA's handling of applications.

One of the forms is for use of the veteran who desires flight training. It allows ample space for his reasons why the training would be useful to him in connection with earning a living.

The other forms are to be filled out by the two "competent disinterested persons" required to submit affidavits supporting the veteran's claims.

Both sets of forms are to be notarized before submitting to VA.

Public Law 266, effective August 24, 1949, established the affidavit system for GI Bill flight training. Under that law, VA will accept the veteran's affidavit showing need for the training if supported by corroborating affidavits of two competent disinterested persons in the absence of evidence to the contrary.

Veterans, however, still may apply by submitting complete justification that learning to fly will be in connection with their present or future business or occupation.

Speed Record Is Expected At Cycle Race

A new American speed record in the 20-mile National Championship Motorcycle race next Sunday at Bay Meadows is regarded as a certainty by bay area 'cycle experts, a poll revealed today.

The Bay Meadows racing strip, with its advantage of width, slightly banked turns and present firm surface, is ideal for blistering speeds, which are predicted in all of Sunday's nine races.

"Whoever wins the 20-mile National this year is going to have to set a new record to do it," said "Hap" Jones, a former racer and now a local motorbike dealer.

"With the best riders in the country racing on this track it's a cinch they'll smash the record. They'll do better than 100 miles per hour down the straightaway," he said.

The present 20-mile record is 14:41.91, set last year at Du Quoin, Ill., by Travis Horace of Nashville, Tenn.

William P. Kyne, who is introducing big time motorcycle racing to California in conjunction with the San Francisco Motorcycle club, reports advance ticket sales indicate he has hit another sports promotion jackpot and plans accommodations for 25,000. Tickets are on sale at motorcycle shops in the bay area.

The Southern Pacific will run a special train to races and the Grayhound line is putting on extra buses.

BURNS OIL

High speed driving is one of the most common causes of excessive oil consumption, according to the California State Automobile Association. At a speed of 55 miles per hour, oil consumption may be a third grater than at 40 miles per hour.

Sarto's, Sarto AC Have Varied Luck Through Week

Playing a three game series last week, Sarto's won one and lost two. Sarto A.C. had one game on Sunday, tying with Gallilio Salami 10 to 10.

Last Friday evening Sarto's took on Regal Pale in the Funston night league. Following a fast paced game, Sarto's came out behind 6 to 8.

Sunday, Sarto's lost another to Horse Trader Ed, this time by 0 to 4.

However, Wednesday night in the Funston League, Sarto's came back to down Leslie Salt 6 to 3. It was in this game that John Olcesi got three for four, and blasted a home runner. Tito Sarto was on the mound for Sarto's and held Leslie Salt down to five hits, three of which were garner in the first inning.

Olcesi also showed his ability in last Sunday's game between the Sarto A.C. and Gallilio Salami when he got a home run with two men on. Benny Parod did a nice job getting three for four.

This Sunday Sarto's meets Gorden Realty at Golden Gate Park at noon. Sarto A.C. will take on the Port of Embarcation team at Marchbanks at 2 p.m.

SSF To Annex 480-Acre Property

Heading toward the goal of being the third largest city in San Mateo county, South San Francisco this week started annexation of 140 acres.

The property is between the northwest city limits, and extends to Holy Cross cemetery. This will mean 1,200 new homes for South City.

At the same Monday night meeting, the city council considered annexation of 340 acres of property north of Buri Buri. Here, another 1,500 homes are planned.

Aerial Fish Planting Now In Progress

The California Division of Fish and Game this week took off on the Nation's most ambitious aerial fish planting mission.

In the next two months, the State agency's twin-engined airplane will drop a total of 1,639,000 rainbow and brook trout in 373 mountain lakes.

Flying a tough 48-day schedule over some of the trickiest terrain in the West, Warden-Pilots Al Reese and Carrol Faist will release the fingerlings in waters ranging from Siskiyou to Tulare and Inyo counties. The plane is capable of carrying up to 25,000 fish each trip.

Although the Bureau of Fish Conservation began its aerial planting experiments in 1946, full scale operations were delayed until special equipment and flying procedures were developed for the difficult high Sierra country. Several other states are also using aircraft in their fish planting programs.

Warden-Pilot Reese asserts the airplane is here to stay, but will supplement—not replace—the continuing horse, truck, and human transport of trout.

Tests made recently prove that fish can be safely dropped from elevations up to 800 feet. Other findings reveal that the cost of planting comparable areas by manor horse-back is considerably higher.

Before the aerial planting program ends August 18, the crew will have stocked 165 lakes in the Mount Shasta area; five in the Fall River Mills area; 33 lakes in the Almanor-Feather River area; 64 lakes in the Donner Summit area; 23 lakes in the Yosemite-central Sierra area; 24 lakes in the western lower Sierra area; and 83 lakes in the eastern Sierra area.

Zidek Pays $100 Fine

Edward John Zidek of 3235 Pierce Street, San Francisco, has been fined $100 in the court of Judge Carl H. Allen for possession of migratory waterfowl beyond the 90-day post-season limitation.

FISH AND GAME NOTES

by Jimmy Fox

Local anglers are getting into the swing of the season now and are turning up with some nice catches of fish.

While the weather locally hasn't been much to rave about it has been excellent all over the state. The warm weather must have warmed up the water and induced the fish into a biting mood.

Jerry Listman, Hilltop Market butcher, has just returned from a nice two week vacation in the high Sierras and really had fine luck. He fished many lakes and streams between Lone Pine and Bishop and the June Lake, Mammoth Lakes areas.

Best bet in that country seems to be Big Pine Creek where they are taking many limits of nice pan fish every day. In fact it would have to be a very large pan to hold Jerry's large fish which was a 2 pound Loch Leven trout. He also fished the 5 bridges area of the Owens river just out of the town of Bishop. The hatchery planted 8 or 10 thousand fish in this area recently. I wonder if Jerry wasn't following the hatchery truck around on its rounds of the streams?

Local Angler

Another local angler Reese Sheets of 6925 Mission Street had some fine sport in the Feather River a week ago. He worked over the Middle Fork of the Feather near Oroville with a Rubber Helgramite and it produced a limit of fish with a monstrous 4½ pound rainbow that measured 26 inches, along with several other large fish.

Art Williams, son of the local candy maker went with his dad out to Lake Merced for the first time last week. Maybe we shouldn't print this but we think he showed Dad up. Art came home with a nice 14 inch rainbow after two hours of fishing in the rain; and all we can learn about his dad's fishing this season to date is that all his fish laid end to end don't measure as long as the single fish caught by the boy.

Two local boys, Johnny Nichols and Gary Galli, have been busy almost every day since school let out at Lake Merced. Finally last week each of them caught a nice 12 inch rainbow. This week they have been at it again and have so far gotten a couple of 13 inchers each. Looks as though both are pretty good anglers and from what I hear they want to be good sportsmen for they are joining the D.C. Junior Sportsmen.

Rifle Range

The opening of the San Francisco rifle range in Sharp Park last weekend should give Daly City nimrods an opportunity to get in some much needed shooting practice.

The opening day was devoted to several matches and all were open to the public. Several of the local shooters were there and did all right in the final tally of the scores. Among the top shooters in every match was Ed Nenstiel, and his bag song and dance this week is that he was out X-ed in all of them. Seems that he took 4 second places losing not on points but on dead center hits on the target only. Oh, yes, he took one first place, also.

Now you deer hunters will have no excuse for not having a perfectly sighted in rifle. Between this range and the coastside sportsmans range at Pedro Point you have some excellent spots to do your deer hunting practice. The running deer target is in operation at Coastside now also.

Junior Club

Wednesday evening the second meeting of the Daly City Junior Rod and Gun Club was held at the recreation hall on Bellevue Ave. The boys heard the report of their by-laws committee and after a few minor changes voted to accept them. They saw and participated in an archery demonstration after the meeting. Instructors George Archer, Dick Ryan and Jack Loftin have charge of this particular part of the Junior this particular part of the junior

The next meeting of the kids will be taken up by the important business of nominating officers for their organization. New members are still being taken in. In fact the membership of the club as of the July 19 meeting will be known as the charter members so any of you boys between 12 and 17 years of age still have time to get in on the ground floor.

Meeting

This Wednesday, June 21, is the regular meeting of the Daly City Rod and Gun Club. All you members be sure and be there and bring a guests or new member. Looks like the next activity on the schedule is that striped bass trip to the Napa river. (Or wherever the fish are biting.) We may also plan a Sunday trip out to the beach as soon as a few bass have begun to be caught. So far all that the beach has produced is perch.

Blood Bank Thanks Many D. C. Women Workers

This is a "thank you" letter, addressed to your valued paper and also to the 100 woman, many from your own community, who day after day gave unselfishly of their time as volunteer workers at the San Mateo County Blood Bank.

We want to thank you for carrying the blood donor message to your readers. We know that you realize the importance of this county having a large reserve of whole blood and plasma against the day of group need, should catastrophe strike.

Despite the stepup in the number of volunteers who have needed the appeal carried in your newspaper, a great many more blood donors are needed. This is due to the great strides made by medical science, strides which call for blood transfusions in ailments as well as for injuries incurred in accidents.

Your county blood bank, a nonprofit institution operated solely in the interest of the public, depends on volunteer service to function on a 24-hour round the clock seven-day weekly basis. Therefore, at this time through your paper we desire to most gratefully express our thanks to the 100 loyal women who have donated their services throughout the past fiscal year.

We likewise again express our gratitude, our sincere thanks, to the loyal citizens of this county who give of their blood here that others too might live.

Yours very truly,
MRS. P. J. HANZLIK,
Executive Secretary,
San Mateo County
Blood Bank.

Save The Day, Make Onion Soup the Easy, Convenient Way—

ONION SOUP is a universal favorite and the recipes vary as much as the countries from which they originate. Some use a cream sauce base, others use meat stock, but who always has the time to make cream sauce? Or who always has meat stock on hand?

You can have a delicious onion soup without those ingredients, though. From the recipe given here, note how simple it can be, how easily and quickly it is made. Then delight in the way your family goes for Favorite Onion Soup.

Favorite Onion Soup

7 medium-sized onions or 1¾ lbs.
¼ cup Nucoa margarine
¼ teaspoon pepper
6 cups water
7 bouillon cubes
1¼ teaspoons Worcestershire Sauce
Salt to taste
6 slices French bread, toasted and spread with Nucoa margarine
Grated Parmesan cheese

Slice onions thinly and cook gently in Nucoa until golden, sprinkling with pepper while cooking. Add water, bouillon cubes and Worcestershire sauce; cover and simmer 30 to 40 minutes or until onions are very tender. Pour into serving bowls, float slices of toast on top; sprinkle them thickly with cheese. Yield: 6 servings.

Low Price Housing Established Here

Success of its drive for quantity production of lower priced housing is establishing two major trends in Northern California's home building program, the Home Builders Council of California reported today. The Council led the nation in initiation of a lesser cost housing program with its major effort directed toward sponsorship of a highly successful Economy Housing contest.

Primary result of the lower cost housing program, according to Council Secretary John I. Hennessy, is the wide range of housing priced from $6,500 up in the metropolitan areas.

Accompanying trend and less important of the two Hennessy said, is the continuing move away from the cities and to suburban areas. Growing strength of home building in the suburbs, he pointed out, is directly contradictory to predictions widely circulated in early 1949. At that time, he said, experts announced that the 25 year old movement from city congestion had stopped and was reversing itself.

Mt. View Harvest Festival July 15

Already forty-four units with over 1000 persons have entered in the Mountain View Harvest Festival United Nations and Historical day parade to be held Sunday, July 16 to climax the three day Festival which gets underway Thursday, July 13.

Sixteen floats from fraternal, national groups, industrial and business firms, as well as riding units, drill teams, bands, drum and bugle corps and military units are included in the early entries.

T. V. Pedersen, parade chairman, announced this week that there is plenty of room for more entries. The parade is expected to run over three miles in length and will last several hours.

More than $1500 in cash, trophies and ribbons will be awarded the winning entries in the parade.

Theme of the colorful parade is a tribute to the various United Nations groups who make up the population of this area as well as historical floats.

Entries in the parade may be made by writing T. V. Pederson, Mountain View Harvest Festival, Chamber of Commerce, Mountain View.

Among the other highlights of the three day festival will be a colorful historical pageant which will depict scenes of Mountain View's history as well as the Santa Clara valley.

DON'T BE TOO CERTAIN

Those motor vehicle owners who combine a meager knowledge of mechanics with a forceful eloquence are quite likely to find car maintenance expenses higher than other varieties of motorists, points out the National Automobile Club. Mechanics are only human and the man who is absolutely positive, in his conversation, that he knows what is wrong with his car is likely to send the technical man on many a wild goose chase. Service men would prefer to hear the symptoms from the car owner and to make their own diagnosis.

Mt. View Harvest Festival In July

Four fun and activity packed days to mark Mountain View's hundredth anniversary have been planned for the Mountain View Harvest Festival to be held in this Santa Clara county community, July 13, 14, 15, and 16.

Highlight of the three day celebration will be the colorful historical pageant featuring more than 2000 persons.

Presented by Geller Productions under the direction of Mary Pat Robinson, whose outstanding spectacle last year played before more than 20,000 persons, the pageant will feature thirty fast moving scenes depicting the varied cultures which make up Mountain View.

Authentic Japanese dances, colorful Mexican groups, Yugoslav peasant and country groups will combine to make the pageant one of the most outstanding events in Northern California.

Other features of the Harvest Festival will include a three mile long parade, Sunday, July 16, an amusement area with more than 45 concessions, 10 amusement attractions, and nine kiddie rides.

Sporting events including a tennis tourney, horseshoe exhibition, baseball games, kiddie sports events, and other activities have been planned.

Brooklyn Dodgers Learn The Score

BATTLE CREEK, MICH. — Former American League Umpire Clarence Eldridge who quit calling balls and strikes to become a businessman talks things over with Brooklyn Dodger stars (L-R) Jackie Robinson, Dan Bankhead and Don Newcombe. Eldridge who has made great gains in the business world to become general manager of the Post Cereals Division of General Foods, here, quit as an American League umpire in 1915. As an old friend of Branch Rickey's, Dodger president, he made it possible for the people of Battle Creek and the employes of his plant to see the Dodgers in action against a hot industrial league team from Battle Creek plants. The "All-Stars" proved not too good against the "bums" — final score 18-1.

$500 Radio Gear Stolen From Car

Breaking into an automobile parked in front of 32 Hillcrest drive last Saturday evening, an unidentified thief stole $500 in radio recording equipment.

The machine and instruments belonged to Harry M. Chinitz, 381 San Leandro, San Francisco, police said. Entry was gained to the car by forcing open a right wing window with a "blunt metal" object, police report.

Among the items stolen was a recorder, mikes and wire, Chinitz said.

SUMMER RECREATION

By ELMAN ROSE
D. C. Recreation Director

The Daly City summer recreation program got underway this week with full houses at the free showing of movies on Monday.

Activities like handball, checkers, baseball and the softball leagues, folk dancing, badminton, crafts and dramatics were also going full speed.

In the adult softball league, practice games were played at the high schol on Tuesday and Thursday. The league will open Tuesday next week. A schedule is to appear in the Daly City Record next week.

A program in model airplane building for boys will start Tuesday, June 27, 7 to 9 p.m. at 101 Parkview avenue.

The game room at the high school little theatre is proving popular throughout the day and in the evening.

Elsewhere in the Record is a complete schedule of summer recreation activities. Look it over carefully and pick out what you like. For details, see the playground directors, or contact the Daly City recreation office.

Thornton Beach Party

The Daly City recreation department is staging a beach party at Thornton beach Wednesday, June 28. Boys and girls sign up by Monday, June 26, with your playground director.

Groups will leave from their respective playgrounds at 10 a.m., hike out to the beach, and after a day of fun return about 5 p.m. All you need is a lunch and lots of energy. Hot dogs and soda pop will be available.

Activities will include a picnic lunch, games, wading and sand play. Safety reasons forbid swimming.

Five playground directors will supervise the trek out, and back and the activities at the beach.

Tournaments

A city wide handball tournament will open the Daly City recreation department series of summer tournaments.

Boys and girls can sign up at the playgrounds immediately.

Tournaments will run off in five divisions, as follows: boys—15 and over, 12 to 14, 11 and under; girls—13 and over, 12 and under.

A champion will be determined at each playground. Playground champs will then meet in the finals at the Jefferson elementary school court on Monday, June 26, at 1:30 p.m. to determine the Daly City champion.

City wide checker tournaments will run off on the same basis as above, except that the finals will be held at the game rom of Jefferson high school on Friday, June 30, at 1:30 p.m.

Used for recreational purposes, the Sigmund Stern Memorial Grove in San Francisco occupies a natural amphitheatre 100 feet below street level.

Relatives Receive Vet Questionnaires

Surviving relatives of deceased veterans in San Mateo county who receive questionnaires from the Veterans Administration dealing with the special National Service Life Insurance dividend can obtain any necessary explanations and assistance from Floyd D. Granger, Veterans Service Officer.

The problem of who is entitled to the dividend in the case of a deceased veteran arises only in cases where the veteran had let his NSLI policy lapse prior to his death, Granger explained. If the insurance was in force when he died, the beneficiary or beneficiaries of the policy also receive the special dividend.

In about 10,000 cases in California, however, the policy was not in force when the veteran died, and inquiry must be made to find out to whom the dividend should be paid. The questionnaire is the VA's method of obtaining the information on which to base its decision; it is sent to the person who appears, from the data on file, to be the most likely legally entitled recipient.

Mailing of the questionnaires will not be completed before the end of July, Granger said he has been informed by the VA. In the meantime, however, those interested may obtain all available information at the Veterans Service Office, Courthouse, Redwood City.

Navy Enlistment Quotas Raised

Aproximately 7,000 young men a month can now launch into a naval career. See your local Navy recruiter at the post office building in San Mateo, Phone DIamond 4-2781.

Selectivity, along with quantity enlistments is being stressed. Only the best young men will be accepted states E. P. Foulger, chief torpedoman's mate, U. S. Navy.

Qualifications for enlistment in the navy are as follows:

1) Be of good morals.

2) Be over 17 and under 31 years of age.

3) Must be a citizen or fully naturalized, or a native of a U.S. Insular possession.

4) Be able to pass the prescribed physical and mental tests.

5) Have consent of parent or guardian, if under 18 years of age.

6) Agree to enlist for minority, 4 years, or 6 years.

High school graduates are particularly desired for the many programs that are open to them at the present time. However, any young man will be assured of following and learning a trade of his choice. Earn, learn, travel, and retire at an early age is what the navy offers all young men who can qualify.

See your navy recruiter at the post office building in San Mateo, phone number DIamond 4-2781, for an interesting career or job training.

TO SAVE OTHERS, realizing the necessity for increasing the lowered blood reserve at the San Mateo County Blood Bank, members of South San Francisco, Daly City and Brisbane posts of the American Legion went to the blood bank headquarters in a body and became donors there. Some of the donor group from the three posts, pictured above from left to right, are: (front row) Clarence Spornhauer, Ralph Geist, William E. Davidson, Fred Lichtfeldt; (rear row) Elmer Miller, Martin Pahlka, Anthony Roybal, William Harris, Aldo Minucciani, Donald Banks. In center is nurse Mrs. D. F. Morrison. Each of these legion members donated a pint of blood which now is available for any legion member or his family in case a blood transfusion is needed. The county bank maintains a 24-hour around-the-clock delivery service of whole or whole blood or plasma to all hospitals, seven days a week.

Ancient Con Games Swindle Public

Classic confidence games—some as ancient as the Spanish prisoner swindle—are still being used to fleece the public, police reports show.

The "pigeon drop," "smack racket," and "charity bunco" continue to find victims even though they have been used hundreds of times before by unscrupulous confidence men preying upon the gullibility of strangers.

How these rackets are used to fill the criminal purse will be revealed in a story entitled "They Want Your Money" as told by the University Explorer on Sunday, June 25, over the Columbia Broadcasting System. Authority for the broadcast is Dr. Edwin M. Lemert, assistant professor of sociology on the Los Angeles campus of the University of California.

The broadcast will be heard over KNX, Los Angeles (11:45 a.m.); KCBS, San Francisco (10:15); and other stations of the C.B.S. network.

ACCIDENTS ON RURAL ROADS INCREASE

A comparison of figures for traffic accidents on rural roads in California during the first four months of 1949 and 1950 shows an increase in reportable accidents, persons injured, and persons killed, according to the National Automobile club.

During the first four months of 1949 there were 6,703 reportable accidents, 10,307 persons injured, and 545 persons killed, while during the same period in 1950 there were 7,283 reportable accidents, 11,235 persons injured, and 551 persons killed. This represents an increase of 8.65 per cent, 9 per cent, and 1.1 per cent respectively.

The figures for 1950 are preliminary.

10-day State Fair Scheduled For Late Summer In "Sacto"

A festive eleven-day birthday party to celebrate California's admission to the Union 100 years ago will be given by the California State Fair, from August 31 through September 10.

Amidst the gaiety of the birthday party, the Fair, through its wondrous exhibits, will show hundreds of thousands of visitors the tremendous developments, in scores of fields, that California has made in the past century.

Work has started on a great birthday cake replica in front of the entrance to the Agriculture Building. The giant cake will be 15 feet in diameter, 13 feet in height, and decorated with 100 candles and small figures of pioneers. Hidden in the interior will be a music box.

The cake will revolve slowly on a turntable with a music box playing birthday celebration tunes which were popular in the early days, and which still find favor in this modern age.

Ned Green, secretary-manager of the State Fair, has announced that a real cake weighing 500 pounds will be cut in the Open Air Theatre on Admission Day, September 9, and visitors are invited to participate in the program and receive a slice of the pastry.

To carry out further the birthday theme, an expanded program of music and free entertainment is being arranged. The foremost bands in many parts of the state will give concerts on the bandstand near the Hall of Flowers. Strolling musicians and singers mingling with the crowds will swell the melodic out put.

Runaway Car Scores Twice

Another runaway car scored hits on two Daly City homes last Thursday evening.

Frank Millonzi, 166 E. Vista, parked his car in front of his home Thursday. A few minutes later he received a phone call from police . . . his machine was now parked against the side of Robert Pfeifer's home, 176 E. Vista.

But before coming to rest at Pfeifer's house, the machine cut down the fence of Edwin Butenhof, 172 E. Vista, cut across his lawn, ran down the bushes and then made a B line for the second house.

Police report the car will need a new front end, and Millonzi faces charges of failure to make a proper hill hold.

Civil Service Exams Soon

Applications are being accepted until July 6, 1950 by the Board of U. S. Civil Service Examiners, Twelfth Naval District, Bldg. 178, Treasure Island, San Francisco, California for civil service examinations to establish a list of eligibles for the purpose of filling future vacancies as they occur for the positions of Crater and Packer, $1.54 to $1.66 per hour, and Helper Woodworker, $1.30 to $1.42 per hour.

These examinations are open to the general public and all persons who qualify may apply. Preference in appointment will be given to honorably discharged veterans. Appointment will be made on a probationa-permanent basis to fill vacancies in various Naval agencies in the San Francisco Bay Area, including such outlying points as Moffett Field, (with the exception of Naval activities at Mare Island, Port Chicago and San Francisco Naval Shipyard).

Complete information and application forms may be obtained from the Board of U. S. Civil Service Examiners, Twelfth Naval District; Twelfth Civil Service Regional Office, 630 Sansome Street, San Francisco; or any first- or second-class post office in the San Francisco Bay area.

SOCIAL SECURITY

By E. J. FOLEY

Is your bank book important to you? Of course, it is. It is your record of deposits and withdrawals. It stands for the savings you have been able to make. Because of this, you take good care of your bank book.

There's something else that demands equally good care—something that may be even more important to the security of you and your family. That "something else" is your social security card. It represents your insurance policy with the U. S. government.

If you have a social security card, as an employee in commerce or industry you are one of the millions of men and women who are building individual and family protection through the old-age and survivors insurance program of the the Social Security Act. The account number on your card identifies your wage record in covered employment. On your wage record will be based any benefits that may be paid to you or your dependents in the future.

Every three months, your employer sends the contributions and a report of wages earned by his employees to the federal government. It is important that this record be right. That's where the social security card comes in. Your employer must be careful to report your wages under your name and account number as they appear on your social security card. Then, your wages will be credited to the right account—your account.

Your social security card will identify your account when you apply for retirement benefits, or when your family applies for survivor's benefits in case of your death.

Burglars Break But Take Nothing

Burglars with no other evident purpose but damage, broke into the home of Mrs. Alice Christian, 137 Flournoy, last Saturday afternoon, police report today.

When Mrs. Christian's young son returned from shopping he found the two panels of the back door of the home smashed. An unidentified burglar had entered the home, but taken nothing, Mrs. Christian said.

Although she had made no report to police, the same type of burglary had occurred one week before. Nothing was reported missing at that time, police said.

June 17 Shasta Dam Dedicated

Dedication of mighty Shasta Dam, key structure of California's tremendous Central Valley Project, takes place on the "natal day" of Federal reclamation, June 17.

On June 17, 1902, President Theodore Roosevelt signed the Reclamation Act which was to mean so much in the development of the Far West.

The coincidence of dates was pointed out by William E. Warne, assistant Secretary of the Interior, who is to represent the Federal government in the dedication ceremonies which will climax the Shasta Centennial celebration at Redding, June 11-18.

The Bureau of Reclamation proposes holding open house on all its major projects on June 17, but nowhere will the observance be as significant as at Shasta Dam.

After Assistant Secretary Warne has concluded his remarks, the flood gates of Shasta will be lifted, allowing a full flow of water down the 487-foot spillway. The water utilized in this exhibition will not be wasted, however, as it will be caught and retained at Keswick Dam, companion piece to the greater structure, just a few miles downstream.

The night before the dedication the floodgates will be lifted for the very first time in the history of the dam. At that time giant searchlights with colored filters will illumine the foaming spill, the while a spectacular fireworks display is set off from barges on Shasta Lake behind the dam crest. This spectacle has been arranged by the California Centennials Commission.

Still another feature of the actual dedication and the ceremonies the night before will be an open air concert by Florence Quartararo, San Francisco-born star of the Metropolitan Opera, who will be making her third appearance in Centennials observances of her native state. Miss Quartararo is appearing through special arrangements completed by George Heinz, executive secretary to the California Centennials Commission.

Ruth Kirste Thanks Voters

County Recorder Ruth A. Kirste expressed her happiness and gratitude today on her outstanding victory at the polls yesterday over three opponents, who sought to replace her as recorder. Miss Kirste said:

"This is one of the happiest days of my life. I greatly appreciate the confidence expressed in me and my administration of the county recorder's office at yesterday's election. This was my first experience in campaigning for public office, and it has turned out to be a very happy one.

"Since my appointment upon the death of County Recorder T. Clark Rice, with whom I had worked for 15 years, I have endeavored to give the best public service possible at a minimum of cost to the taxpayers. That always shall be my policy.

"In a large measure my victory is due to the outstanding work of my friends and associates, without whom it would not have been possible to wage such a successful campaign. I am deeply grateful to them for their fine efforts on my behalf. I have nothing but good wishes for my opponents."

TROUT FISHING IN FRESNO LAKES IS FAIR

Trout fishing in most lakes in the Fresno county area continued fair last week, reports the National Automobile club. Fishing in the larger streams in this same area has been generally poor since the water has been running high.

Commemorative Stamp Out July 4

The description of the 3-cent Indiana Territory Sesquincentennial commemorative stamp was announced today by Postmaster John F. Fixa.

The stamp, will be placed on sale for the first time at Vincennes, Indiana, on July 4, 1950.

The stamp has for the central design a portrait of William Henry Harrison, its first Governor, to the left and the first Capitol building to the right. Above the building, in three lines of white Gothic, is "Indiana Territory Sesquicentennial 1800-1950." Directly below the building in the same style are the words "The First Capitol."

Stamp collectors desiring first-day cancellations of this stamp may send a limited number of addressed envelopes, not in excess of 10, to the Postmaster, Vincennes, Indiana, with postal note or money order remittance to cover the cost of the stamps to be affixed. An enclosure of medium weight should be placed in each envelope and the flap either sealed or turned in. The outside envelope to the Postmaster should be endorsed "First Day Covers."

TROUT ANGLERS ENJOY FIRST-RATE SPORT

Trout anglers have been enjoying first-rate sport during the past few days along the North Fork of the Feather river in the Butte county area, reports the National Automobile club. Fish have been running large and a fair number of limits have been taken.
